The Inbuilt Sunroof That Breathes Innovation

Hollandia 700 Power Inbuilt Series

Sunroof panel vents for interior comfort, or opens fully for added exposure.

Sliding sunshade matches the interior for a stylish finish.

RAIN SENSOR READY

When the vehicle is off, the optional rain sensor closes the glass panel at the first drop of rain.

2 Programmable Positions Open Close/Vent Soft-Touch® Close from any Position

Soft-Touch®, illuminated, user control panel gives total control.

Hollandia 700 power inbuilt sunroofs (moonroofs) are designed with quality and innovation in mind. Installed with a factory-like appearance, Hollandia 700 adds clean, elegant styling to the exterior while matching the vehicles interior perfectly. The sunroof panel tilts or slides open at the touch of a button – giving you complete control of the amount of sunlight and fresh air that you want. Hollandia 700 also offers you the best

in safety and ease-of-use features. The user control panel gives you Soft-Touch® operation for full open, full close, and two separate programmable positions. The safety system prevents the sunroof panel from closing when an object is in the opening. The innovative, high-quality Hollandia 700 is available in several sizes, to fit nearly every vehicle. Everything about the Hollandia 700 breathes innovation; Go ahead. Make the sky come alive.
