

## Complete Air Conditioning Kit

The pleasures of having air conditioning on a vessel go a long way. A voyage in hot weather is made more comfortable when cabins are dehumidified and the passengers stay cool. The Webasto Complete Marine Air Conditioning Kit utilizes a self-contained condenser system which offers an all-inclusive unit that installs easily, is user-friendly, and is made with seawater-resistant materials.

# WEBASTO MARINE AIR CONDITIONERS

## User Friendly:

Units come standard with a digital control pad. The thermostat is multi-function, operating in four modes: Cool Only, Heat Only, Humidity Mode or Automatic. LED indicators show at a glance the mode of operation. Temperature can be displayed in either °F or °C and temperature adjustment is made via a simple touch of the buttons. Fan speed can be controlled either manually or automatic. FCF™ units even come standard with an IR remote to control operations away from the panel.

## Kit Includes:

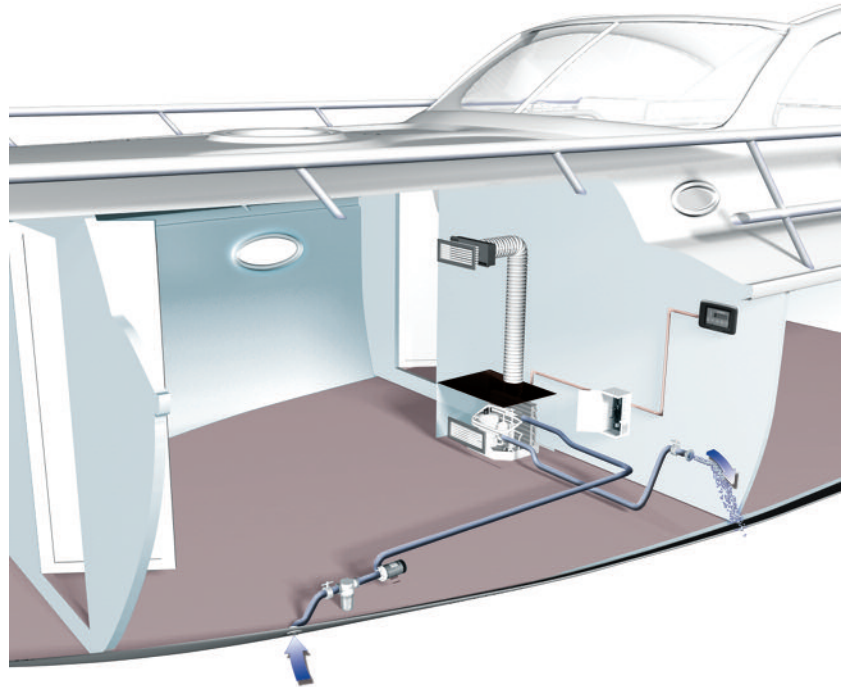

- Air Conditioning Unit
- Digital Controller
- Supply Air Ducting (25 ft.)
- Sea Water Pump
- Sea Water Strainer
- Thru Hull Kit
- Return Air Grill (White)
- Supply Grill (Round White)
- Sea Water Hose (25 ft.)
- Hose Clamps (Qty. 8)
- Complete Installation Instructions

\*BlueCool® Classic Model Shown.

## Simple Installation:

All Webasto AC units feature a “zero-clearance design” so that they can be placed against a cabinet or bulkhead without restriction of air flow over the evaporator. Full rotation (360°) of the blower housing enables proper direction of airflow with minimal lost storage space. Air conditioning units also come standard with a remote mount control box to ensure space savings and easy service. Hold down clamps and complete installation instructions are also included.

Part Number	Air Conditioner	Rated Btu	Volts
WBCL500115	BlueCool® Classic	5,000 Btu	115V
WBCL500116	BlueCool® Classic	5,000 Btu	230V
WBCL500117	BlueCool® Classic	7,000 Btu	115V
WBCL500118	BlueCool® Classic	7,000 Btu	230V
WBCL500119	BlueCool® Classic	9,000 Btu	115V
WBCL500120	BlueCool® Classic	9,000 Btu	230V
